Department of Communication |

2017 – 2018	Adjunct Professor , Prince George's Community College Department of Communication and Theater
2015 – 2016	Communication Consultant , Howard University Cancer Center Howard University Hospital
2015 – 2018	Teaching Associate , Howard University Cathy Hughes School of Communications
2009 – 2011	Teaching Associate , University of Memphis Department of Liberal Studies

* Worked as a Medical Illustrator from 2009 – 2015

Research Foci: My research examines the intersections of visual communication, health disparities, and culturally responsive health message design. Using qualitative methodologies, I explicate how health messages influence decision-making among minority populations. My scholarship focuses on strategic communication of health issues in media, the role of visual persuasion in public health campaigns, and co-creating health communication strategies that promote awareness, education, and message appeal initiatives prioritizing minority populations.
